SANTIAGO NICOLÁS SITO
FULL-STACK DEVELOPER

Full-stack developer with over 2 years of experience in developing and implementing web applications and custom solutions. Experienced with technologies such as Node.js, React.js, Next.js, and Python, with solid knowledge of Docker, Kubernetes, CI/CD, and API integration. I have implemented language model (LLM) functionalities and optimized development processes, achieving measurable improvements in efficiency and turnaround times.

EXPERIENCE

- **Freelance (Feb 2024 – Present):**
    - ✔ Custom software and full-stack solution development using **Node.js, React.js, and Next.js** for both client-side and server-side applications.
    - ✔ Leveraging **Python** to develop LLM-based functionalities and other automated processes.
    - ✔ Utilizing containerization and orchestration with **Docker** and **Kubernetes**, along with automation using **PM2** and **Nginx** to optimize deployments and continuous integration.
- **Covery Tech S.A. (Feb 2022 – Feb 2024)**
  CTO - Full-stack developer
    - ✔ Developed software for direct online insurance sales, implementing APIs and web services from insurers.
    - ✔ Integrated email management APIs to optimize communication workflows, enhancing the user experience and contributing to a **15–20% increase in direct sales**.
    - ✔ Designed a centralized RESTful API that enabled insurers to integrate direct sales solutions on external platforms **~60% more efficiently**, reducing implementation times.
- **Yendo.ar (Dec 2022 – Sept 2023)**
  CTO - Full-stack developer
    - ✔ Developed and maintained a CRUD web application with user self-management and payment gateway integration. Implemented APIs for payment processing and email management, streamlining transactions. These improvements increased user engagement and retention by **~20%**, while the integrated payment system boosted conversion rates by **10–15%**.
- **Aladelta Muebles de Autor (Jan 2012 – Jan 2022):**
  Founder
    - ✔ Designed and produced custom furniture using CAD-CAM solutions.
    - ✔ Innovative product design, leading to consistently high customer satisfaction (around a 20% improvement).
    - ✔ Optimized production processes, reducing delivery times and enhancing efficiency by roughly 25%.

EDUCATION & CERTIFICATIONS

- OpenBootcamp: TypeScript Course (Sept 2024 – Oct 2024)
- Codo a Codo 4.0:
    - Full-stack Python Developer (Feb 2024 – Jul 2024)
    - Full-stack JS Developer (Feb 2023 – Jul 2023)
    - Initial Programming (Jul 2022 – Dec 2022)
- UTN FRCU: Systems Engineering (2003 – 2005)
- EET N° 2 "Gral Francisco Ramírez": Electromechanical Technician with a specialization in Industrial Electronics (Feb 1996 – Jul 2003)
- Certifications:
    - freecodecamp (Responsive Web Design, Jan 2022)
    - deeplearning.ai (ChatGPT Prompt Engineering, Sept 2023)

SKILLS & LANGUAGES

- Technologies: HTML5, CCS3, Javascript, Typescript, Node.js, React.js, Next.js, Vue.js, Python, Docker, MySQL, MongoDB, Linux, Git, CI/CD.
- Languages: Spanish (native) – English (EFSET B2)
